## TALES FROM SACCHETTI (CLASSIC REPRINT)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Tales From Sacchetti The Trecento was a century of wonderful productiveness and intellectual energy, a period wherein art and literature seemed to attain almost at one bound to glorious and hitherto unknown heights. This was the time when Giotto discovered true art in painting, when Francesco Talenti and Filippo Brunelleschi raised to heaven the fair marble shaft of the Campanile and the bold dome of the cathedral at Florence; then was it that Dante Alighieri gave a definite form of immortal verse to his supernatural visions, and Francesco Petrarch wove the sighs and laments of his passionate love into lines of sweet and eternal harmony. This was the period, too, when Giovanni Boccaccio showed the world how the vulgar tongue and speech of the people could be united with exquisite wit and brightness of description and narrative in that prose poem of comedy and adventure to which he gave the name of the Decameron, because it was divided into ten days, upon each of which ten stories were related by the ten personages of the company represented. A proof of the spontaneity of Boccaccio's genius, which in the Decameron attained at one bound to the highest point of perfection, is afforded by the fact that the works of the so-called Triumvirate of the Trecento, namely, the glorious trio composed of Dante, Petrarch, and Boccaccio, rendered it hopeless for their successors ever to aim at achieving equal greatness. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work.
