Brand New Book ***** Print on Demand *****.Are you diagnosed with a mental disorder and curious as to how a part of God could possibly be in you? Have you ever wondered as to why God can show so much love one instant then so much wrath the next? Or are you just curious with what in the world God has to do with mental illness? This book provides evidence for a philosophical understanding of God s link to mental disorders such as bipolar disorder and schizophrenia along with other related mental afflictions. This evidence is provided through different relationships God establishes with people throughout the Bible along with some of the decisions that He makes. This different outlook on the psyche of God not only gives a glimpse into the world of individuals living with mental illness but also of an omniscient being who s consciousness we very likely misunderstand.
