- Ubuntu is a complete, free operating system that emphasizes community, support, and ease of use without compromising speed, power, or flexibility. It's Linux for human beings, designed for everyone from computer novices to experts. Ubuntu 11.04 is the latest release-more powerful, more flexible, and friendlier than ever. The Official Ubuntu Book, Sixth Edition, will get you up and running quickly. Written by expert, leading Ubuntu community members, this book covers all you need to know to make the most of Ubuntu 11.04, whether you're a home user, small business user, server administrator, programmer, or novice. The authors explain Ubuntu 11.04 from start to finish: installation, configuration, desktop productivity, games, management, support, and much more. Among the many topics covered in this edition: Ubuntu One cloud storage, Ubuntu Server, and the groundbreaking Unity desktop. This complete guide also covers standard desktop applications, from word processing, spreadsheets, Web browsing, e-mail, instant messaging, music, video, and games to software development, databases, and server applications. In addition, you will * Learn how to customize Ubuntu for home, small business, school, government, and enterprise environments...

Reviews

This published book is wonderful. It is really simplified but unexpected situations within the fifty percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Dr. Janis Reilly**

This publication may be worth purchasing. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- **Cassandra Von**
