Rethinking Ancient Woodland: the Archaeology and History of Woods in Norfolk: 13

By Gerry Barnes, Tom Williamson

University of Hertfordshire Press, United Kingdom, 2016.

Paperback. Book Condition: New. 244 x 170 mm. Language:

English . Brand New Book. Ancient woodland is a term widely

used in England for long-established semi-natural woods,

shaped by centuries of traditional management. As an official

designation, it describes woods which have existed since the

early seventeenth century, and which today contain a

distinctive range of plants which find it hard to colonise more

recently wooded ground. Such woods are often assumed to

provide a direct link with the natural vegetation of England, as

this existed before the virgin forests were fragmented by the

arrival of farming. This groundbreaking study questions many

of these assumptions. Drawing on more than a decade of

research in Norfolk, the authors emphasise the essentially

unnatural character of ancient woods. Their distinctive

ecological characteristics only emerged after they had been

enclosed from the surrounding wastes in early medieval times,

and began their career as factories for the production of wood

and timber. Since then they have been dynamic environments,

changing in response to wider economic trends and

demographic pressures: and much of their botanical character

has been forged by relatively recent history. Woods are,

moreover, rather less stable features of...
