Reviews

It becomes an awesome publication that I actually have actually read. It really is written in simple terms and not difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.

In the process, he shows a mastery of style and an understanding of Chechnya that still carries great resonance today. Hoping to protect his family, he joins the Russians, who accept him but never put their trust in him - and so Murat must find another way to end the struggle.
