

## Stronger Together: How Great Teams Work

Filesize: 8.25 MB

### ***Reviews***

*It is one of my personal favorite books. It is written in easy terms and never hard to understand. It has been designed in an exceedingly easy way and it is only after I finished reading this publication by which in fact changed me, change the way I think.*

## STRONGER TOGETHER: HOW GREAT TEAMS WORK

[DOWNLOAD](#)

Hachette India, New Delhi, 2015. Soft cover. Book Condition: New. 20 cms. xvi+222pp. A book on building - and being part of - a world-class team, written by globally respected sport psychology consultant and performance coach Simon Hartley. A highly practical guide for leaders, coaches and managers, designed not only to describe what great teams look like, but to provide the reader with a 'how to' guide, which enables them to develop greatness in their own team. Draws on exclusive interviews with members or former members of world-class teams - from the SAS and the Red Arrows to Formula One Race teams and America's Cup winning team members - as well as covering the approach of such legendary world beaters as the All Blacks. The author is a highly respected figure in British sport and Sir Ian McGeechan has provided a foreword endorsing the book's approach. 'Stronger Together is an insightful look into the inner world of world-class teams and how they came to be that way. Rhetoric- and pontification free, this is a serious study of team dynamics proven to work and applicable to us all' - Brendan Hall, victorious Clipper Round the World Yacht Race skipper. What do world-class teams do that others don't? How do those teams think, make decisions and respond to challenges? Stronger Together will help readers to understand what differentiates world-class teams from the rest. Using these insights, readers can apply the same key principles when leading - or being a part of - a team, whether they are in a business or sports environment. To illustrate how world-class teams operate and how they're led, the author draws on examples of teamwork from a diverse range of disciplines, from The Red Arrows to SAS Units, a Formula One Pit...
